Wedding

Wedding Venue

The wedding ceremony will take place at Apéritif, Bali's newest and most unique fine dining destination with a lush jungle valley setting. Wedding decoration is pretty special in Bali and they can provide all sorts of colours to meet the couple's themes. Their most common is natural / white Balinese theme.

Wedding Ceremony Venue :

1. Aperitif Fish Pond
2. Aperitif Bar Terrace

Aperitif Fish Pond

Aperitif offers beautiful views of the nearby rice fields, and when touched by the sunset, a magical ambiance will be bestowed by Balinese nature for your special day.

Aperitif Bar Terrace

Apéritif restaurant and bar take inspiration from the glamour and decadence of the 1920s with soaring ceilings, antique cast iron chandeliers, huge arched colonial windows and opulent finishings of marble, dark woods and bronze.

Flowers

Viceroy Bali include a whole host of flower decoration for the wedding ceremony including, bridal bouquet, grooms buttonhole, flower decoration for the wedding location, decorated chairs for the couple and 2 guests a decorated buggy and ceremony alter table decoration. The flowers used for these are both local and international flowers. If the couple have any specific flowers they would like used then we can request these from resort and find out the additional cost to their needs.
